

Panasonic recommends Windows Vista® Business.

LEGALLY, WE CANNOT SAY IT WILL KEEP YOU AFLOAT.

Panasonic Toughbook® laptops are changing the way we work in today's business world. When Neville and Catherine Hockley sailed around the globe, Neville's boat *Dream Time* became his virtual office. While at sea, Neville held down his full-time job at i&D Media Group thanks to the unparalleled construction and embedded wireless capabilities of his Panasonic Toughbook 30 and Toughbook Y5. "If there's a weakness in your equipment, Mother Nature will exploit it," wrote Neville. "It's reassuring knowing our Panasonic Toughbook computers have been designed, engineered and tested to survive these extreme conditions."
